

# Holiday fun rolls into town

By **HANNELORE HEPBURN**

THERE was no time for holiday boredom with plenty of youth activities offered at the Mulgara Family Centre last week.

Jewellery making and peel-and-paint window decorations were a big hit with young people aged between eight and 15 years, filling the sessions to capacity.

Staff member Wanda Winsor

ensured the boys and girls enjoyed the craft activities and had some artistic creations to take home.

A morning of sports and games and the arrival of the Out There Mobile Youth Space also attracted a good number of local children.

An initiative of the South West Community Foundation

and managed by Jobs West, the mobile van was launched last October and rotates through all 12 local government areas in the South West.

Videos, play station, X-Box games, karaoke and sports equipment were in hot demand on the afternoon.
